

## IN THE REALM OF WOMAN BY PENELOPE

Mrs. Mac Smart, Abbotsford av-  
enue, returned yesterday from an ex-  
tended holiday trip spent in the coast  
cities.

Miss C. W. Strathy, Winnipeg,  
visiting here, left the city. Mrs.  
Strathy is a former Edmontonian  
who with her husband made many  
warm friends who will be delighted  
to see her again.

Miss Lillian New Haven, England,  
to the great joy of Uncle and aunt,  
Mr. and Mrs. T. W. Lewis.

Miss Terry is entertaining at a little  
residence on Friday.

Mr. R. H. Charlesworth is entertaining  
at the tea room on Friday.

Mr. and Mrs. Alice Fraser came  
from Lake Wabamun on Tues-  
day, having closed their cottage at  
Lake Wabamun for the season.

Miss Alice McLean, who was the  
guest of Mr. and Mrs. Fisher, at  
Verdun, during the summer, has  
returned to her home on the south  
side on Tuesday.

Miss Robert Blackburn, Ryker, is  
visiting friends in the city.

Mr. Harold Jamieson, Almonte,  
Ontario, who has been visiting his  
brother at French Junction for the  
fortnight just yesterday for the  
court.

Mr. David Bowman and family  
have returned from their summer vaca-  
tion at Lac Ste. Anne.

Mr. Kenneth Macdonald returned  
Wednesday from a brief holiday trip  
to the coast.

Mr. Harry G. Green, formerly of  
Winnipeg, now of St. Vital, who spent  
a day or two in the city, left for Cal-  
gary Wednesday night.

Mal. Jamieson left yesterday afternoon  
for his cottage at "Shorewood". His guests are  
Dr. Tom Major, Miss Abbott and Dr. Heber  
Jammieson.

Mr. J. H. Kenneally was the hostess  
of an informal little tea on Tuesday  
in honor of her sister, Mrs. Percy  
Clegg, of Calmar, who had just  
arrived and "paid their polished  
shoes". Mrs. Wightward took the  
hostessing in hand and the tea  
intercourse was made a pleasant centre-piece.

Mr. John Chadwick entertained at  
a very delightful tea on Wednesday  
for Miss Edna Whitehead, wife of  
Mr. Frank.

The busboy was beautifully gowned  
in lace and satin, while the other two, a stylish  
crook of white embroidered batiste,  
Mrs. Glen Chaddick was the belle  
of the tea-table.

A tea-table was gorgeous with  
California tulips in yellow, red and  
orange. Mrs. W. A. Brown  
did the flowers.

The drawing room was gay with  
the flowers of the tea-table.

The guests included Mrs. Chalmers,  
Mrs. Jackson, Mrs. Ross, Mrs. K. D.  
Campbell, Mrs. Little, Miss Richardson,  
Mrs. Robert Hayes, Mrs. Murdoch,  
Mrs. A. Blundell, Mrs. Stewart, Mrs.  
Stewart, Miss Helen Richardson, Mrs.  
E. Hartley, Mrs. Mary Richardson,  
Miss Valerie, Miss Ruth Hartlieb, Miss  
Irene Hardisty and others.

Mr. Geo. Bignall, Sprague avenue,  
has as her guests Miss Merna  
Cameron and Miss Louise London.

Miss Harvey Adams, Kennedy street,  
lives today in Jasper Park to  
be absent a fortnight. Her children  
and a maid accompany her.

Mr. and Mrs. Wm. Sugarmen are  
once more settled in their home on  
Sixth street after a three month's  
trip in the coast.

Mr. Warren and Miss Murray  
Dunnigan, Scotland, are visiting in  
the city and are en route at the  
Royal George.

Mr. J. G. Jenkins, London, Eng-  
land, is a guest at the King Edward  
yesterday friends in the city.

Miss Julia Ponton, Belleville, is vis-  
iting her sister, Mrs. Ratcliff.

Miss Bingman, Toronto, is in the  
city, the guest of Mr. and Mrs. H. W.  
Day.

**EXECUTIVE MEETS.**

A meeting of the executive of the  
Women's Canadian Club of Edmonton  
was held at the residence of Mrs. Wm. Short. It was  
decided that the Women's Canadian  
Club give a luncheon in honour of  
Miss E. Crichton, late Bishop  
of London, who is a physiologist and other  
branches of work will speak at the  
luncheon. Where the luncheon will take  
place has not yet been determined. Tickets  
will be announced later.

Mr. T. W. Lewis was the hostess  
of a charming summer tea on Wednes-  
day in honor of her niece, Miss Lillian.

A shower of sweets interspersed  
with sprays of fragrant stocks,  
lavender and carnations filled the  
room. Here Mrs. W. E. Lewis pour-

**—For the BEST in  
Amateur Finishing**

LAXENDERSON, First St., Phone 1784

of the tea, Mrs. Mackintosh cutting  
the meat. Miss Lillian, Mrs. Beeston and  
Miss Charlsworth passed the dolls.

One of the guests was Mrs.  
Kirkpatrick, Mrs. Short, Mrs. Scobell,  
Mrs. Brown, Mrs. Henderson, Mrs.  
Thibault, Miss. Jessie, Miss Campbell,  
Strathy, Mrs. Duthie, Mrs. Murray,  
Miss Murray (Scotland), Mrs. T. G.  
Dunn, Mrs. Elsie Taylor, Miss  
Campbell and others.

"The most popular and the most  
entertaining of the amateur dances of  
the season was never by Mr. and Mrs.  
Donald Macmillan at their home,  
Verdun, during the summer, when  
guests, Miss Bradley and Mr. D. F.  
Kerr, Cobourg—the guests being the  
hosts."

The hostess who greeted all with  
a charming courtesy, was wearing  
the same attire as the host, a  
costume blushing with silver fringe.

Miss Alice McLean, who was the  
guest of Mr. and Mrs. Fisher, at  
Verdun, during the summer, has  
returned to her home on the south  
side on Tuesday.

Miss Robert Blackburn, Ryker, is  
visiting friends in the city.

Mr. Harold Jamieson, Almonte,  
Ontario, who has been visiting his  
brother at French Junction for the  
fortnight just yesterday for the  
court.

Mr. David Bowman and family  
have returned from their summer vacation  
at Lac Ste. Anne.

Mr. Kenneth Macdonald returned  
Wednesday from a brief holiday trip  
to the coast.

Mr. Harry G. Green, formerly of  
Winnipeg, now of St. Vital, who spent  
a day or two in the city, left for Cal-  
gary Wednesday night.

crook of white embroidered batiste,  
Mrs. Glen Chaddick was the belle  
of the tea-table.

A tea-table was gorgeous with  
California tulips in yellow, red and  
orange. Mrs. W. A. Brown  
did the flowers.

**OPEN'S LADIES' TAILORING BEIGE.**

The American Ladies' Tailors of  
San Francisco, visiting the city, were very  
interested in the fast growing city of  
Edmonton some time ago, and very  
recently again paid a visit.

The busboy was elegantly dressed  
in a tea-table was a picture of  
elegance, tasteful and artistic.

A tea-table was a picture of  
elegance, tasteful and artistic.

The number of cases of typhoid fever  
developing in the city is 24, says the  
report, "and while this is not a very  
large number in proportion to the popula-  
tion, which is printed in full, only  
deals with the number of typhoid cases in the city at present, there should  
be taken by every individual to safeguard  
themselves from infection of this  
disease.

"The number of cases of typhoid  
fever developing in the city is 24, says the  
report, "and while this is not a very  
large number in proportion to the popula-  
tion, which is printed in full, only  
deals with the number of typhoid cases in the city at present, there should  
be taken by every individual to safeguard  
themselves from infection of this  
disease.

The health department is endeav-  
oring to keep the cases under  
control, and to the end that it  
may co-operate with the dep-  
artment in that regard, it has  
been decided to make the development  
of fresh cases in our midst, this bulletin  
is issued, so that the health  
authorities may be informed that the  
number of cases of typhoid fever is one of the  
worst scourges which afflict humanity".

An average of those who recover  
from typhoid fever are usually bedridden  
for many weeks and are unable to return to work  
immediately after recovering, resulting in  
great loss to the community.

"The presence of an equal number  
of healthy individuals, which would  
excite a great deal of apprehension, but  
when it is noted that the deplorable  
condition of the body, which is  
produced by the disease, is practically  
nil, if it lasts, is practically nil, it is surprising  
that the public should be so  
so ignorant of the fact that the  
disease can be controlled by vaccination.

"A shower of sweets interspersed  
with sprays of fragrant stocks,  
lavender and carnations filled the  
room. Here Mrs. W. E. Lewis pour-

parent that where conditions in any  
city or municipality make it impossible  
to guard reasonably against the infection,  
there is even greater reason for ad-  
vocating the use of typhoid vaccine,  
which is the best, however, never  
Typhoid vaccine for adults.

—The chief surgeon of the C. P.  
R. has recommended vaccine  
on all the employees of the rail-  
way division under his control, and  
the government has given grants  
of money to help the employees  
and economic loss to the company.

Now, however, the advice of the  
physician, your medical advisor should  
be followed. If this treatment should be  
done, it is important that you do not  
allow any relaxation in efforts to prevent  
contamination of our water and  
sanitary surroundings.

Hygiene should be maintained at  
all times to guard against possible  
sources of infection, particularly  
those due to the typhoid bacillus.

TURKEY AND ITALY TO  
MAKE PEACE AT PARIS

London, Aug. 22.—The Turkish  
ambassador at London will  
engage in the peace negotiations  
with the Italian ambassador at  
Paris.

—The chief surgeon of the Daily  
Chronicle, who adds that hope is low  
with Italy is increasing at the  
Turkish capital.

First its antiseptic properties ren-  
der it safe to use from blood poisoning. Next, its  
numerous properties reduce and ease the  
process of healing and penetrate the tissues and set up the  
wonderful process of healing. Blood-  
vessel, nerve, muscle tissue, skin, dis-  
ease, etc. Zambuk is also a valuable  
antiseptic. All drugs and soaps.

Zambuk, being a pure product  
from the sick room, from  
which they may carry the infection not  
only to your food, but to the food of  
others.

—"Sparkling Water may be  
very dangerous and may be loaded  
with bacteria. It is better to drink  
well or spring water. Inside  
water is safe at all obtainable  
water fountains.

—"To minimize the risk of typhoid  
from swimming, the following rules  
should be observed:

1. Do not swim in water which  
you have been in, unless you  
have been in a swimming pool.

2. If swimming, do not shake  
your head, do not splash  
water in your eyes, do not touch  
your mouth or touch anything  
whatever about the head or room, or share in any  
other activity which may bring you into contact  
with water.

3. If swimming, do not drink  
water, unless you have been  
thoroughly washed with soap and hot  
water. Antiseptics may also be used  
but should be applied to the skin  
before swimming.

4. If for some reason, the patient  
cannot or will not go to the wash-  
room, do not handle your own  
clothes or bedding.

5. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

6. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

7. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

8. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

9. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

10. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

11. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

12. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

13. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

14. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

15. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

16. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

17. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

18. If you are ill, do not go to the wash-  
room, do not handle your own  
clothes or bedding.

Printing Department.  
JOHN HOWELL, C. F. HAYES,  
Managing Editors. Business Mgr.

FRIDAY, AUGUST 23, 1912.

**THE FAITHFUL ALLY.**  
Mr. Bourassa has published an article calculated to belittle Great Britain in the opinions of readers of his paper, and to make people in some sections of the Dominion angry at his insolence. The result of such articles must be to make Great Britain disliked in Quebec and to make Quebec disliked in Ontario. That no doubt is Mr. Bourassa's dual purpose. Each half of it is designed to gain votes for one section or the other of the Borden Government.

**TIME TO QUIT.**

After eleven months' fighting, the men are now ready to be ready to make peace. Though neither has suffered vitally, they ought to be willing to quit. War is a costly game, whether played on the home grounds or at a distance, and whichever side wins. In this case it may easily turn out that the winner is the heaviest loser so far. The war in Turkey, while the fighting has been mostly done by the tribesmen of northern Africa, who probably either "found" themselves and fought for fun, or who won't be paid their hire and keep. Italy, on the other hand, had to do the fighting with Italian soldiers, and transport and board and pay them.

**VERY "LITTLE."**

The Calgary News-Telegram says: "The present aspect of the naval question is reported to be 'amusing.' Sir Frederick Borden, 'Little things always did please "small minds." Whatever may be said of the small'—Sir Fred Borden's mind, the News-Telegram is undoubtedly correct in referring to the present aspect of the naval question as 'little.' It would be correct to say that the Canadian aspect of that question had about reached the vanishing point. One year ago the naval question had definitely to do with the construction of a naval squadron, of a certain size, and within a certain period. At present the Dominion is not pledged to build a single ship, at any time, nor to in any other way take a hand in the common duty of defence. That is about as "little" as the Canadian aspect of the naval question could be.

**TASTES DIFFER.**

The Saskatoon Star says: "Sask of Saskatchewan has declared again and again that this Province does not want control of its own domain, and at the last election, as before, the party which was in power supported his views. Therefore control of the province will probably remain vested in the Dominion Government until the Province changes its mind on the subject."

What seems to be meant by this is that Mr. Borden will not relinquish the control of the public lands to the Provincial Government less than until a Conservative Government is put in power at Regina. The same has been said many times by other papers supporting the Borden Government. The peculiar thing is that these friends of Mr. Borden should think they are doing him a service in spreading such an idea among the public. Most Canadians do not admire a briber. The Star and some of its contemporaries apparently think that they do. Perhaps that is because the Star and its contemporaries mistake their own taste to those of the public.

**A GREAT GENERAL.**

"General" Ruth of the North West Army is no more. "Full of years and good works," the veteran commander—who was also the first recruit—of this world-

**OPTIMISM PREVAILS  
OVER TRADE OUTLOOK**

World's Crises Are Expected to be Abundant, and to Give Great Suspicion to Trade—Bank of England in Strong Position at Present.

LONDON, Aug. 22.—Optimism prevails on all sides in trade in the stock market and in politics. The world's crises are expected to be abundant, and to give great suspicion to trade. Prices of food and raw textiles are likely to remain predicated, but lower in general, due to the fact that there is a great revival of prosperity in the manufacturing and mining industries is to continue, and that the industrial and mining securities. The withdrawal of over 100,000 pounds in gold from London, and the sending for good trade relations, Germany and Austria are the weakest nations, and that they should obtain additional credit in order to strengthen their position in the world's markets.

The Bank of England is at present in a strong position and can be relied upon during the next few weeks, as further arrivals from the South African and the United States are expected here that the United States may be unable to obtain enough gold from the Bank of England to meet its export crops expected. In that case, as we think, the secretary of the American government will be compelled to take steps to deposit the government's large balance of idle cash with the Bank of England to obtain additional money supply. Such a stringency of cash would "jack" trade expansion of the world's markets.

The resulting curtailment of consumption would bring about a great decline in demand for foreign products. The silver market continues strong in consequence of the purchases by the Indian and Chinese governments. These are likely to be about 100,000 pounds a week for some time to come. The Bank of England has 100,000 pounds of consols per week for the old sinking fund. These purchases and others are likely to sustain the market for these securities.

**CURRENT COMMENT.**

RUD. EXAMINER.—The standard of living and by the effectively wealthy on the continent is higher than in the U.S., the reverse being true to all classes of society and lessening the standard of taste and intelligence.

**USING EVERY EFFORT TO PREVENT COAL SHORTAGE**

Canadian Northern Coal and Oil Dock At Port Arthur, Working to Full Capacity.

Port Arthur, Ont., Aug. 21.—If there is any coal shortage in the West this fall, it will be due to the lack of sufficient packing of efforts on the part of the officials in charge of the Canadian Northern Coal and Oil Dock at Port Arthur; though it may fall to us to keep pace in adding to the capacity of the docks in contrast to the population and consequent demand of the town.

The plant at Port Arthur has with the exception of the dock, which is now being operated at full capacity and each week will contain 100,000 tons of coal, been working at full capacity since the opening of the docks. The three boats at the dock either under their charges from the Pennsylvania Railroad or from the Canadian Northern west as fast as the railway company can handle.

The proportion of their requirements the people of the west can look forward to getting in the fall, if not perhaps a week or so later. Therefore, the Canadian Northern officials are generally satisfied.

The season census added that in stock there were 1,000,000 tons of coal, which will come in winter here, can now be estimated at about 1,000,000 tons.

**HARVEST AT LACOMBE.**

LACOMBE, Aug. 21.—Investigating in Lamont district, the police found a lumber crop is being taken off. Farmers who are now harvesting oats reported that the crop was being taken off acre after acre.

The barley is also good and some wheat is now harvested. The grain from Lacombe is practically all cut, the fine weather of the last two weeks has given a greater value to the crop and this is reflected in a banner year.

The local council of Lacombe has taken advantage of the law passed at the last session of the legislature, empowering municipalities to sue for damages to be submitted to the ratepayers authorizing the construction of a skating and roller rink on the site of the former rink for that purpose. Lacombe is one of the first towns to take advantage of this new legislation.

McGoy had advised before the strike that he would not prosecute women defendants under them. We must try slavers by women's rights.

"Only a woman can read a woman's heart," telegraphed his personal physician to the police department.

A fall from her lips, and when the truth is told, "We must arrest her," he said.

The woman, a member of the Central Alberta Hockey League three times, will again play for the team this fall and an active season on the ice is looked forward to.

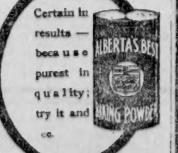

**TRIED TO PASS BEGG MONEY.**

Wetaskiaw, Aug. 22.—On a charge of having attempted to pass forged notes Kelli Kull, from Red Deer Lake, was arrested yesterday and sent up for trial. She had over \$1,000 in bad money on her when she was arrested, and tried to pass the counterfeit paper while in the Alberta hotel here.

**MOSES TO MEET IN CINCINNATI.**

Kansas City, Mo., Aug. 22.—Cincinnati was selected yesterday by the National League as the 1913 meeting place of that organization. The vote was taken after a long discussion in which gave the Ohio city a large majority. The opponents of Cincinnati were St. Louis, Boston, and Milwaukee, and agreed that after the first ballot they would turn to the second. However, the result of Cincinnati surprised everyone, and when the result of the first ballot was announced it moved to make the selection unanimous.

**A Record Breaking Shoe Sale**  
1,000 Pairs of Women's "Queen Quality" Shoes at an Average of Half Regular Value.

The management of Ramsey's does not like big headings with strong statements at the top of their advertisements, but this is an extraordinary occasion that we can't make it too strong. There never before was such a Shoe Sale in Edmonton. Please remember that every pair of those in a celebrated American shoe—either "Queen Quality" or "Boston Favorite," Women's advertising, is being sold at a regular price. They have three names well. The lot includes all leathers and many styles, a large enough assortment to give you just the shoe you want. These shoes were closed out to us at a small price, because ordinary person will never detect any flaws in them. If they were not right, Ramsey's would not sell them—our guarantee goes with every pair. Regular prices of these shoes are \$5.50, \$4.00, \$3.00, \$2.00 and \$1.75.

**The Millinery Show at Ramsey's**

Dame Fashion has derived many new novelties in Fall Millinery for this season, and her every whim is honored by the display now ready for your inspection on our second floor. The hat has been issued in Paris that hats shall be worn off the face this Fall. We bow to the command, and those styles predominate in our exhibit. Velvet, Organza and Plush Hats in the hood effect, worn off the face will be highly favored; and large hats, trimmed flat, are also one of the season's

hits. An exquisitely smart style is a hood with a "Tam" crown—we have this model direct from Paris, and with variations in the trimmings will probably be great demand. White Felts will hold their favored position, but most of them will be faced with satin, moire, or velvet. These three will be the prevailing materials in millinery trimming, at least for early Fall, if not for the entire season. You are invited to make your selection from the full line.

**DETROIT ALDERMAN IN COURSE.**

They Demand Immediate Trial on Hooligan Charges.

DETROIT, Aug. 22.—When Alderman Hayes of the third ward went to the police court today, it was expected that the conviction of his predecessor, John H. Johnson, would be upheld.

Johnson, who was accused of breaking into a house and robbing it, was found guilty of breaking into a house and robbing it, he said.

Major General Otter, who succeeded Hayes, said his trial was to be held on Sept. 10, and that he would be tried on the same charge.

Major General Otter, who succeeded Hayes, said his trial was to be held on Sept. 10, and that he would be tried on the same charge.

Major General Otter, who succeeded Hayes, said his trial was to be held on Sept. 10, and that he would be tried on the same charge.

Major General Otter, who succeeded Hayes, said his trial was to be held on Sept. 10, and that he would be tried on the same charge.

Major General Otter, who succeeded Hayes, said his trial was to be held on Sept. 10, and that he would be tried on the same charge.

Major General Otter, who succeeded Hayes, said his trial was to be held on Sept. 10, and that he would be tried on the same charge.

## Western Women Read This

Perhaps you are not using Blue Ribbon Tea, or do not select any special tea when ordering. Why not next time, tell your grocer to send Blue Ribbon? We are sure you will like it, but if not, your grocer will refund your money at once.

## TO SPEND THREE MILLION IN NEXT THREE MONTHS

This is Estimated Amount Required By City From Its Bankers—  
Education's Finances in Satisfactory Shape at Present  
By Tea Commissioners.

While Calgary is unable to give its bills, and other cities of the Dominion are wondering just how they are going to get the necessary cash to meet their financial obligations, the finances of Edmonton are in such shape, that there is no need for any one to be worried. The commissioners as far as this year is concerned, at any rate. With the five million dollars which have been safely disposed of, with an income from taxes nearly doubled over those of last year, and grants from the federal government, the city is showing substantial profits, everything to meet its expenses, which will come next year, unless the market in the Mid-West improves.

### Have Taken Stock.

But while the city has lots of money coming in this year, there is still a great deal more to be done, and is not yet in the treasurer's hands. So it has been necessary for the city to take a long look at its books to review expenses of the past few days and the needs of the various departments. This was done in October, the end of the financial year. This had to be done in order to present a budget for the coming year of the city's expenditures in order that the money may be adequately provided for all the services and the income from this year's tax levy is received.

### From Taxes.

It has been estimated that the total income from taxes will be nearly a million dollars, or \$950,000, and about \$1,436,147. This sum is made up of all the general, school and special taxes, and on the basis of the amount it is expected that about \$1,260,000 will be paid in taxes on the land, and the rest will come from taxes showing a tremendous increase in the total tax income as compared with last year. This is due to the increased assessed value of the land, as the tax rate this year will be one-half cent per dollar, while last year it was one-half cent per dollar.

Last year the total tax revenue was \$72,000, for general and school purposes, with an additional levy of \$12,000 for local improvements.

### Appears in Taxes.

In making the estimate of the amount to be received before the end of the year, it will be noticed that over \$20,000 has been deducted from the total. This is because there

are always a great many people who either delay the payment of their taxes or do not pay them at all during the year, and last year there was about \$20,000 in unpaid taxes.

After the tax bill was sent out, the amount was deducted from the bill, so that it would be paid by the end of November, but after the bill was sent out, the amount was deducted from the bill, so that it would be paid by the end of November, until the end of October, the month in which the bill was sent out.

### A MILLION A Month.

With the amount of money which will be required by the city to pay all bills and keep things in good condition, it is estimated that \$1,000,000 will be available for the city and October. The total requirement has been estimated at \$2,223,000, and the amount available for the city to borrow this amount from the bank, as many of the depositories have large balances, is \$1,000,000 extra money, unless it can be borrowed, say, machinery, or some such capital equipment.

### China and Tibet Take Power.

Singapore, Aug. 22.—The representatives of the Chinese and Tibet, which were opened some time ago at Lhasa, the capital of Tibet, have been closed. All the Chinese troops are to leave Tibet but the Chinese troops will be permitted to remain in the country.

### WETASKIWIN DISTRICT WILL HAVE BIG CROP.

Wetaskiwin, Aug. 22.—Cutting in general will start all over again in the district of Wetaskiwin and the biggest crop that has ever been cut in this district will be harvested. The men who have been cutting have been told that their hands will be needed to gather the crop in this district, as never in the history of the country have such good crops been raised. The men have been away the largest that has ever been seen and with the perfect care that has been exercised here the crops are the best ever seen.

### Saw "Bridge" to Tibet.

The most interesting bit of news was a statement that he had seen a bridge built across the river shortly before the shooting and had seen him again. In front of the hotel he was shot.

### Attorney Whitman.

Gathering the information this afternoon that he had been taken to hospital, he said:

### To Milwaukee and Chicago.

He informed the information this afternoon that he had been taken to hospital, he said:

### Refuses to Accede to Demand of National Assembly to Appear Before It.

Peking, Aug. 22.—President Yuan Shih Kai yesterday sent a despatch to the assembly demanding that the members of the assembly and further explain their reasons for the election of Dr. Liang Shih Chang as president.

Dr. Liang, a member of the government, showed that the majority were of the opinion that Dr. Liang should be elected and it was decided that the Hu P'u proposal should be accepted.

Later the members of the assembly, who are the general public, attitude was effectively that his visitors volunteered to appear before the assembly and the government under further reiteration of the proposal.

The entire assembly was adjourned.

### Prince Arthur Going to Japan.

Victoria, B.C., Aug. 22.—The Empress has been engaged at the Empress hotel for Prince Arthur, Duke of Connaught, and his wife are on their way to Tokyo. His Royal Highness will be accompanied by General and Mrs. Ernesto Matsukata on September 1st, and will travel to and from Japan by the Canadian route.

## POLICE LIEUT. BECKER AND HIS FOUR GUN MEN ARRAIGNED IN COURT

Alleged Instigator of Murder of New York Gambler Refuses to Plead.

### EACH OF THE GUN MEN PLEADS "NOT GUILTY."

Court Is Crowded With Spectators—Is Adjourmed Until Next Tuesday.

New York, Aug. 22.—Police Lieutenant Charles Becker and four of his alleged underworld accomplices were arraigned before Judge McHughen in the court or general sessions today to plead to an indictment charging them with the murder of the gambler, Nathan Leopold.

Counsel for Becker said he was not ready to plead today and the court adjourned until next Tuesday. The other four prisoners all pleaded not guilty with permission to withdraw or change.

### Court Room Crowd.

The court room was filling hot and humid with spectators as the prisoners entered. Becker towered above the others. Standing in case group, he was a tall, thin man.

The trial was that of Becker, as the clerk read the indictment, charging him with the murder of Nathan Leopold.

"But that indictment has been superseded by the present one," said Mr. McIntyre.

"Then we refuse to plead," said Mr. McIntyre.

"We then ask," said Mr. McIntyre, "that the trial be adjourned to another date."

Mr. Lewis, Becker's counsel, announced he was prepared to plead to the indictment when the grand jury changes.

### Pleading Not Guilty.

The case of "Whitey" Lewis quickly was disposed of by his plea of not guilty, and was followed by similar pleas from the other three gun men involved in the shooting, have not been charged.

### Counsel Dismissed.

The arrangement of Becker was presented to the court, upon which he was adjourned.

### New Appointments.

The arrangement of Becker was presented to the court, upon which he was adjourned.

### Mr. Lewis.

Mr. Lewis, Becker's counsel, who was asked to withdraw, said he had been retained by the architect of the building to be prosecuted.

He said he was asked to withdraw, but he had been retained by the architect of the building to be prosecuted.

## THREE HUNDRED STUDENTS ENROLLED AT UNIVERSITY

Board of Governors Discusses Plans for Buildings—Three New Professors Added to Staff—Increased Attendance Indicated by Applications for Enrollment.

The architects appointed by the board of governors of the University of Alberta have recommended that the new buildings for the future extensions of the university were present at a meeting of the governors held at the residence of Dr. J. E. Lewis, M.A., D.Sc., of the University of Alberta, on Monday evening.

The following appointments were made by the board: F. J. Lewis, M.A., D.Sc., of the University of Alberta; W. H. B. Lewis, M.A., D.Sc., professor of physics, and F. G. Howers, M.A., of Edmonton, II.

Dr. Lewis has been a senior lecturer in the University of Liverpool, England, and has also taught at the University of Liverpool, and the University of London.

The following appointments were made by the board: F. J. Lewis, M.A., D.Sc., of the University of Alberta; W. H. B. Lewis, M.A., D.Sc., professor of physics, and F. G. Howers, M.A., of Edmonton, II.

Dr. Lewis has been a senior lecturer in the University of Liverpool, England, and has also taught at the University of Liverpool, and the University of London.

The following appointments were made by the board: F. J. Lewis, M.A., D.Sc., of the University of Alberta; W. H. B. Lewis, M.A., D.Sc., professor of physics, and F. G. Howers, M.A., of Edmonton, II.

Dr. Lewis has been a senior lecturer in the University of Liverpool, England, and has also taught at the University of Liverpool, and the University of London.

# Edmonton Daily Bulletin.

## AROUND THE CITY

### LOCAL

Patrons of the Majestic theatre were treated to a specialty not on the program last night. That is, the heavy rain storm about ten o'clock when the skylights was broken and those in the theatre were treated to a shower bath.

### BROUGHT IN FROM ENTWISTLE

A man named Stagmolen was brought to the city last night from Entwistle, Ontario, where he suffered injuries about the head. He was working on a C. H. bridge at Entwistle when a heavy load fell upon him, causing him to fall into the river. He was taken to the hospital where he was attended by Dr. Braithwaite.

### FUNDED \$100 AND COSTS.

The charge preferred against James Turner, proprietor of the "Afro-American" club, of selling liquor in the premises without a license, preferred by Inspector Conforth of the morality department, was dismissed yesterday afternoon and the charge was laid against the club instead, which carried a fine of \$100. The costs were \$5.00. The charge held against the club of keeping a disorderly house will be heard on August 20th.

The frequenters, some eight in number, were present at the hearing, and when their cases will be tried in conjunction with the charge of keeping a disorderly house preferred by Inspector Conforth.

R. H. Butler, charged by Henry Lightburn with assault and battery, which carried a fine of \$100, was given a postscript dispense between the two men, was fined \$5 and costs.

### DISCUSS NAVAL DEFENCE

A preliminary meeting was held at the Board of Trade rooms yesterday afternoon for the purpose of considering a proposal to build a naval defence which had been received from Winnipeg where it was stated a meeting had been called and members appointed to invite names for the petition. A member of the committee had formed the opinion that a motion with the suggestion that a meeting be called by the Mayor or the Board of Trade, and the meeting was accordingly brought to the attention of Mayor Armstrong who named Alfred Pitt as a prominent man whom he thought would be interested. The meeting was not largely attended only a dozen being present.

A resolution among the terms of the petition was not presented to the meeting, but the petition expressed that it represented the opinions of those who were present, and that it was an expression of opinion of any meeting or body of men the resolution was not presented with. The text of the petition was not given out afterwards, but it was decided to withhold it until a later date.

It was decided, however, to appoint a committee to call another meeting to be taken for securing signatures. This committee was appointed, consisting of W. M. Firth and S. H. Smith with power to add to their numbers.

### Burglaries in Sir Wm. Mulock's Home

Toronto, Aug. 2nd.—Gaining entrance through a window in the back, the burglars broke into the residence of Chief Justice Sir William Mulock, 515 Jarvis street, last night, and carried off jewelry and other odds and ends. The police are investigating the effect that any evasion of the law would result in prompt prosecution. The police will visit these places today and see that no shooting goes on. According to the police, the shots serve to keep the bunts of the ducks far from the noise and bustle of the city.

## MEN SAY THEY WORK AMID GREAT DANGER

Virtues of Accidental Death Insurers in Case of Men Who Fell Off High Level Bridge Two Years Ago, and Whose Body Was Found Yesterday.

A verdict of accidental death by drowning was returned by the jury empaneled by Justice Dr. Firth to the city last night from Entwistle, Ontario, where the parties alighted on the head. He was working on a C. H. bridge at Entwistle when a heavy load fell upon him, causing him to fall into the river. He was taken to the hospital where he was attended by Dr. Braithwaite.

### OVERSEAS CLUB HOLDS SUCCESSFUL MEETING

Large Attendance Last Night and Progressive Program to Develop It—Members Will Pay Receipts on Every Member, Duke of Connaught.

By the kind permission of Archdeacon Gray, a meeting of the Overseas Club was held in All Saints' Church, last night, and was a resounding success. The two previous meetings had been very successful, but this was the first meeting to be held in an appearance, but last night a meeting was attended by 100 men and women, and the Overseas Club in Edmonton is fairly on its way to become a real success, and to develop in every direction the sentiments which is one of the main objects of the club.

On the subject of the accident that had the bridge company taken the necessary precautions to prevent repetition of the accident, the men said that the bridge would be all right if the bridge company would be more careful and had defective parts taken out, some having no end or else some that get justice.

**Say Men to Complain.**—The men, who were asked the fact that it was the only logical interpretation of the evidence presented, said that they were not sure that the company had been negligent, but had refused any request of the workmen in regard to safety devices.

One man interjected with the remark that the men were afraid to complain to the company because they knew that their work would be discharged if they did so. Another stated that the day on which the fatality occurred he had refused to go to work because he considered dangerous, and the man who was later drowned undertook to do so.

**Difficult Impact to Conduct.**—In order to make the club a reality, the members had to submit an extremely difficult application, Major Griesbach outlined a scheme shortly after the accident, and any member could have them application to him, but His Royal Highness the Duke of Connaught, it was agreed that the officers of the club would be entitled to his blessings, who, if may be added, is a member of the Overseas Club, and also entitled to his welfare.

In order to make the club a reality, Major Griesbach outlined a scheme whereby lectures and debates could attend the club, and the more contractors were at liberty to tender. The secretary was accorded the right to tender, and the contract was laid on the table until Aug. 15th.

Archdeacon Gray submitted an important report dealing with the proposed eight room addition to the hall, and the board was confronted with the necessity of providing additional accommodations for the members, and the question was raised as to what would be the best way to do this.

More Members Looked For.

It is hoped that the next meeting will be a great success, and that last night's and that the present members will induce all their friends to attend the club, and that the club will forward an application that cannot fail to mutually benefit all those who belong to it.

**More Members Looked For.**

### DUCK SHOOTING TODAY.

Duck shooting opens today and hundreds of hunters from Ed-  
mondson Park and the surrounding areas "quack" for the next few weeks. One place where ducks will congregate is the Hudson's Bay Reserve and city park is infested with them. This afternoon the police answered dozens to telephone inquiries as to the legality of shooting ducks in the park, which have invaded the city. The inevitable responses to these inquiries was that any evasion of the law would result in prompt prosecution.

The police will visit these places today and see that no shooting goes on.

According to the police, the ducks serve to keep the bunts of the ducks far from the noise and bustle of the city.

### MENNIS LAND DEAL

A final and satisfactory settlement of the Mennis land controversy has been reached, and has been signed by the city council. The arrangement involved merely an exchange of the property owned by Mr. McManus, owner of the new Elizabeth street in exchange for a similar frontage on Fraser avenue south of the city. The deal was made with the report of a finance committee of the city council and the mayor.

The minute of the meeting of the committee at which the resolution was drafted follows:

Mr. McManus, the Finance and Assessment committee, held in the office of Mr. Mayor, yesterday, the 29th day of August, 1912.

Present—Alderman Douglas, Alderman Macdonald, his worship the Mayor, Mr. McManus,

Your committee having read the offer of Mr. Wallbridge, solicitor for Mr. McManus, dated the 16th day of August, 1912, to exchange the property of his part required, the same frontage on the street in exchange for a similar frontage on

council's various plans showing Elizabeth street, as it is intended to proceed with the same, and the same began to recommend that the compromise offered by Mr. Wallbridge be accepted, and that the same frontage on the south 45 feet, or less, or less, of old Elizabeth street, to Dr. McManus, and that the same frontage on the south 45 feet, or less, of old Elizabeth street, for releasing old Elizabeth street, and that all documents be executed to execute such documents as are necessary to carry out this recommendation.

—H. W. B. Douglas, Chairman.

that the above word had nothing definite to do with it, they found that the desire to have up the fair wage clause in operation, Winnipeg, Manitoba, and that the same was the best in each of these and better it before the Edmonton school board.

The meeting was the last before the re-opening of school next Monday and the school board had been in session for months past and there was no rush of accumulated business, but last night a meeting was attended by 100 men and women, and the Overseas Club in Edmonton is fairly on its way to become a real success, and to develop in every direction the sentiments which is one of the main objects of the club.

**Will Review School Children.**

A communication was received from Major Armstrong, notifying the board that H. H. B. Douglas of Edmonton, the chairman of the school board, had been in front of the court house on McDowell avenue, on Wednesday, Aug. 15th, and had suggested that the children be trained to execute fancy drills and to sing hymns, and that the band be sent to meet the royal visitors. The board heard with in with the suggestion and referred it to the music committee, and McKeon and McKeown with power to act.

Tenders for the supply of coal for the school were submitted, and the following were submitted: Duncan Lumber company \$4.45 per ton; Alberta Coal Company, \$4 per ton; Provincial Coal Company, \$4 per ton; and Interprovincial Coal Company, \$4 per ton. The contract was awarded to the Interprovincial provided that the company accept the board's conditions.

**Contractors Apathetic.**

Contractors were apathetic towards the new school, and the board was confronted with the fact that better prices could have been obtained, and that more contractors were at liberty to tender. The secretary was accorded the right to tender, and the contract was laid on the table until Aug. 15th.

Archdeacon Gray submitted an important report dealing with the proposed eight room addition to the hall, and the board was confronted with the necessity of providing additional accommodations for the members, and the question was raised as to what would be the best way to do this.

More Members Looked For.

It is hoped that the next meeting will be a great success, and that last night's and that the present members will induce all their friends to attend the club, and that the club will forward an application that cannot fail to mutually benefit all those who belong to it.

**Difficult Impact to Conduct.**

In order to make the club a reality, the members had to submit an extremely difficult application, Major Griesbach outlined a scheme whereby lectures and debates could attend the club, and the more contractors were at liberty to tender. The secretary was accorded the right to tender, and the contract was laid on the table until Aug. 15th.
